## 1. DEMONSTRATION & VISITING AUTHORITY DETAILS

| | |
|---|---|
| **Host Authority / Organization:** | _____ |
| **Department / Division:** | [ ] Municipal Corporation (PMC / BMC / PCMC) [ ] MSEDCL (Mahavitaran)<br>[ ] District Disaster Management Cell [ ] Academic / Innovation Evaluation Cell |
| **Inspecting Officer Name:** | _____ |
| **Officer Designation & Post:** | _____ |

## 2. FUNCTIONAL CAPABILITIES & MODULE DEMONSTRATION RECORD

| CORE MODULE | DEMONSTRATED CAPABILITIES & FEATURES | LIVE STATE | OFFICER CHECK |
|---|---|---|---|
| **1. Disaster Alerts & Early Warning Feed** | Real-time disaster advisories, meteorological weather extremes (AQI, Rain, Floods), MSEDCL power grid feeder outages, and administrative broadcast notifications with district-level filtering. | LIVE VERIFIED | ☐ Yes |
| **2. Emergency SOS Distress Dispatch** | One-touch citizen SOS emergency broadcast transmitting precise live GPS coordinates (latitude/longitude), automated Twilio SMS alert, and high-priority Brevo email with direct Google Maps route navigation to designated contacts and emergency responders. | LIVE VERIFIED | ☐ Yes |
| **3. Municipal Grievance Redressal** | Citizen reporting of civic defects (road potholes, illegal dumping, pipeline leaks, defunct streetlights) with photographic evidence, location tagging, and cloud-synced status progression. | LIVE VERIFIED | ☐ Yes |
| **4. Automated Utility Billing Engine** | Instant consumer bill lookup (MSEDCL Electricity & Municipal Water Boards), multi-month billing calculation, dynamic category handler (Overdue with DPC Late Penalty, Normal On-Time, Overpay Advance Credit, Solar Subsidy Rebate), and transactional email tax receipt delivery. | LIVE VERIFIED | ☐ Yes |
| **5. Municipal Water Tanker Hub** | Emergency community water tanker booking, capacity allocation (5,000L - 10,000L), tanker vehicle ID & driver phone assignment, priority queue status, and ward-level distribution schedule. | LIVE VERIFIED | ☐ Yes |

# TECHNICAL ASSESSMENT & FORMAL ACKNOWLEDGEMENT

## 3. OFFICIAL EVALUATION & PERFORMANCE ASSESSMENT MATRIX

| EVALUATION PARAMETER | ASSESSMENT GRADE / RATING (OFFICER TO TICK) | VERIFIED STATUS |
|---|---|---|
| **Civic Relevance & Problem Solving**<br>Relevance to Maharashtra civic & disaster requirements | ☐ Outstanding ☐ Very Good ☐ Satisfactory | [ ] Approved |
| **Technical Architecture & Cloud Integration**<br>React, Node/Express, Firebase, PostgreSQL Prisma, Brevo | ☐ Outstanding ☐ Very Good ☐ Satisfactory | [ ] Approved |
| **Emergency SOS Dispatch & GPS Precision**<br>Speed of Twilio SMS / Brevo email broadcast with map link | ☐ Excellent (<5s) ☐ Good ☐ Acceptable | [ ] Approved |
| **Utility Billing Accuracy & Invoice Delivery**<br>Ledger computations, penalty/surcharges, and live email receipts | ☐ 100% Accurate ☐ Satisfactory ☐ Functional | [ ] Approved |
| **Deployment Feasibility for Public Bodies**<br>Scalability for district municipal / government adoption | ☐ Ready for Pilot ☐ Recommended ☐ Prototype Phase | [ ] Approved |

## 4. REMARKS, OBSERVATIONS & RECOMMENDATIONS BY VISITING AUTHORITY

*(Officer may write handwritten feedback, pilot recommendations, or specific feature appreciation below)*

**OFFICIAL DECLARATION & ACKNOWLEDGEMENT:**
"This is to certify that **Sanskar Dhat** has personally visited and presented a comprehensive technical demonstration of the **MahaResilience (Smart Community Hub)** project. The demonstrated systems, including real-time disaster early warnings, GPS emergency SOS dispatch, municipal complaint tracking, and automated utility billing tax invoice delivery, have been reviewed and demonstrated live. The platform exhibits high civic relevance, engineering rigor, and practical value for citizens and administrative authorities across Maharashtra."
